 Possible Career Goal:

4-YEAR PLAN

Planning your high school years can make a big difference in how you get through high school, what you accomplish, and what your future options are. Both academic preparation and vocational training are appropriate during high school.

I. Coordinate your plan with goal(s) beyond high school. Check all that apply.

- | | |
|--|---|
| <input type="checkbox"/> University of California | <input type="checkbox"/> Comm. College vocational |
| <input type="checkbox"/> California State University | <input type="checkbox"/> Private vocational |
| <input type="checkbox"/> Other 4-year college/university | <input type="checkbox"/> Apprenticeship |
| <input type="checkbox"/> Military Academy | <input type="checkbox"/> Military service |
| <input type="checkbox"/> Community College transfer | <input type="checkbox"/> Work full-time |

II. Fill in your classes for each year and evaluate your progress toward reaching your goal.

Classes	9 th	10 th	11 th	12 th
1	English I	English II	English III	English IV
2	Geography/Tech	World History	U.S. History	Civics/ Economics
3	Health & Safety			
4	PE	PE		
5	Math	Math		
6	Science (*)	Life/Bio/Chem/Ag	Science (xx)	
7				

* = optional

xx = required if not taken in 9th grade

III. All good roads to the future require a high school diploma. Check all the Orland High graduation subject requirements you successfully complete. (Note: these are minimum subject requirements to graduate from Orland High School and may not meet all the eligibility requirements of your career, college, or university goal.)

English: 40 credits:
